

About Siewert & Kau

Siewert & Kau is a specialist for IT distribution as well as logistics and services at seven locations, with headquarters in Bergheim near Cologne and sales offices in Brunswick, Soest, Paderborn, Halle (Saale), Hengelo (Netherlands) and Premià de Mar (Barcelona/Spain). The company has been active in the IT distribution market since 1994. Siewert & Kau Distribution has 30 years of industry expertise and is one of the pioneers in the trade of selected IT products. The Siewert & Kau COMPETENCE CENTER acts as an interface with specific IT service and consulting depth between manufacturer, trade and customer. Since 2015, retailers have been supported in a targeted manner by eight dedicated Competence Centers with advice and training on IT solutions as well as new technology approaches.

The Siewert & Kau VALUE ADD division means multi-value service packages, specially tailored to current customer needs. Siewert & Kau Logistics handles the complete range of logistics services, including warehousing and cargo. Siewert & Kau Services offers competent all-round service in the areas of software, marketing and accounting. In the course of the digital transformation, Siewert & Kau has launched the Academy: a digital learning culture with different methods for every conceivable type of learner. Here, the focus is on topics such as Microsoft licensing, cloud and virtualization, and partner enablement.
